2

- Attach the five foam stoppers (1) over the drive-in nuts (A) and onto the center of the base plate (2).

FAQs: Frequently asked questions about using this product:

Here we answer frequently asked questions so you can get the most out of our product.

Question 1: Who do I contact if I have questions or problems?

We are a service-oriented and sustainably operating company with **headquarters and its own warehouse in Germany!**

If you have any questions, please contact us directly! We will help you quickly and easily! Our experienced in-house service team will reply **on working days within 24 hours** – personal, competent and solution-oriented.

►► The fastest and easiest way to reach us is via the **messaging function of the marketplace:**

On Amazon, open your orders, select the item and click “Contact seller” or “Ask a question about the product”.

►► Another contact option is a **direct email to us:** **service@ttl-commerce.de**

Question 2: What should I do if a component is missing or defective?

We offer our own spare parts service with 24h advance replacement. If a part is missing or something is defective, please tell us the component number from the scope of delivery.

►► Please use the contact options listed in **Question 1** were explained.

Give us the chance to resolve your issue directly with you – a return or a bad review is usually not necessary. Together we will always find a solution!

Question 3: How much weight can the furniture dolly carry?

The furniture dolly is designed for a maximum load of 250 kg. Make sure to distribute the weight evenly and rest the item securely on the foam stoppers to avoid injuries and prevent damage to the furniture dolly.

Question 4: Are the castors swivel and can I lock them?

The castors swivel 360° so you can move your furniture easily in all directions. The wheels do not have a parking brake. To prevent rolling away, place the furniture dolly on a level surface or secure it in another way.

Question 5: Can I use several furniture dollies at the same time?

Yes, for larger pieces of furniture, several furniture dollies can be used at the same time. Make sure to distribute the load evenly so that the item being transported rests securely on the foam stoppers.

Question 6: Can I use the furniture dolly outdoors as well?

The MDF board of the furniture dolly is only partially weather-resistant. There is nothing against short-term outdoor use. Make sure to use the furniture dolly in dry conditions.

Question 7: How do I clean the furniture dolly?

The MDF surface can be cleaned with a dry or slightly damp cloth. Do not use aggressive cleaning agents.

*We are also happy to help you at any time
with further questions or support of any kind.*

Thank you for your trust and we hope you enjoy our product!
